To Whom It May Concern:

Tobin DeVille taught computer classes at the Vermilion Parish Library over an eight (8) year span. The participants in the classes had high remarks regarding Mr. Deville as an instructor. The most outstanding remarks in response to his classes were his patience, great knowledge of the course, and willingness to make sure everyone understood. He provided extra help when needed for a better understanding. He was in high demand at our library due to his knowledge, confidence, patience and willingness to help as well as his great teaching skills.

Some of the classes Mr. DeVille taught were as follows: Microsoft Word I, II, III; Microsoft Excel I, II, III; Microsoft Access I, II; Microsoft PowerPoint I, II, III; Microsoft Publisher I, II; Computer Basics; Tables and readers; Computer Tutor coaching sessions; Introduction to Windows; Introduction to Home Wireless Setup; Advanced Wireless Configurations; Home Computer Security; Job Skills/Soft Skills; Mastering the Interview; Resume Building; Business Etiquette; Customer Service; Business Writing and Train the Trainer.

I would highly recommend Mr. Tobin DeVille to teach technology related classes to any group of people. His great personality, knowledge and patience are strong characteristics which allow him to work in most any conditions.

Regards,

Charlotte Trosclair, Director
